# Recycle, plant trees.

## WHY?

- To limit climate change, we all need to do our bit to reduce waste and offset our carbon emissions.
- Recycling containers reduces landfill and planting trees helps the Earth to breathe.
- Please help Zonta to recycle and plant trees.

## HOW?

- Collect containers from family and friends
- Bring them to our Zonta meeting or drop them off at your local Containers for Change (CFC) site.
- Use the Zonta Club of Perth's CFC ID number **C10450919** and money goes direct to the club.
- For every 40 containers we collect, we use the cash for Carbon Positive to plant a tree on our behalf.
- How many trees could we plant in the next year?  
50, 500, 5,000?

Women and girls are more heavily impacted by climate change than men—so it is important to take climate action today. Find out how we can create a gender-equitable, sustainable world at [www.zontasaysnow.org.au](http://www.zontasaysnow.org.au)
